Euughh have you ever showered? You STINK!

Well, ladies and gents LOVE my musk, thank you!

Its nice to know that the biology studies I took in high school came in handy. Gorillas DO compensate for something.

Ey, Monkey! I got an idea!
Wanna play co-op?

Hey, hey! I'm here! I'm here- oh God, your cage is so small...lemme get you outta there-

No, no, NO! If you're going to let anyone out, free everyone else first! I can't lose another one. Please!

But...
KP...

I'm begging you...

Luigi? Hello?

HEY MR. TOAD! CAN YOU BRING ME MY TOOL BOX, PLEASE?!

He needs my assistance! I can do this, I can do this.

LUIGI: Judging by how the apes are still in cages even though they're capable of escaping, I suspect Toad flew over them, which is why I called him. He will fly past them, showing them that the cloud guy is gone.

LUIGI: If I am correct, they will break out of the cages unanimously. Toad coming this way is also an opportunity for him to rescue that Toadsworth guy.

WAAAAAAWAAWAWAWA YOU KICKED ME TOO HAAAAAAAAAAARD!

KOOPA: I'M NEW! PLEASE DON'T KILL ME.

So, you have an escape plan?

Yes I do. And it’s gonna be tough to pull off.

DK
Hmm, I would have preferred something cooler...

I managed to beat you using that Power Up and you were stronger than me! Imagine what you could accomplish!

Let’s a-go.
Okie dokie.
